

Akash Singh

Frontend Web Developer

Nallasopara, Maharashtra 401209 | +91 8104316760 | singhakash6412@gmail.com

PROFESSIONAL SUMMARY

Frontend Developer with 3.5+ years of experience building responsive and user-friendly web applications using JavaScript, jQuery, HTML5, CSS3, Bootstrap, and REST APIs. **Developed React.js applications through personal projects**, using components, hooks, routing, and state management. Strong focus on UI development, performance optimization, debugging, and writing clean, maintainable code.

TECHNICAL SKILLS

- React.js (Personal Projects) - components, hooks, state management, routing
- JavaScript (ES6+), jQuery
- HTML5, CSS3, Bootstrap, responsive design
- REST API integration, AJAX
- Postman, Chrome Dev Tools, Git
- Metronic admin dashboard framework
- Basic ASP.NET MVC (Razor Views)

PROFESSIONAL EXPERIENCE

Scan Infotech Private Limited | Software Developer | Apr 2024 – Jan 2026

- Developed responsive, mobile-first web applications using HTML5, CSS3, Bootstrap, and jQuery
- Integrated RESTful APIs using AJAX and validated endpoints with Postman for accurate data handling.
- Utilized MVC Razor Views and ViewBag to render dynamic, data-driven content.
- Enhanced usability, accessibility, and application performance through UI/UX improvements.

Mindware Services | Jr. Software Developer | Oct 2023 - Mar 2024

- Designed and developed reusable UI components and responsive layouts using HTML, CSS, and Bootstrap.
- Implemented JavaScript and jQuery for form validation and interactive user experiences.
- Debugged and resolved UI issues using Chrome DevTools to ensure optimal performance.

Poscan LLP | Jr. Software Developer | Nov 2022 - Sep 2023

- Developed and maintained client-side features for responsive web applications
- Integrated RESTful APIs and managed asynchronous data handling using AJAX.
- Performed testing and troubleshooting to ensure high-quality deliverables and bug-free releases.

PROJECTS

- Developed and maintained interactive dashboard user interfaces using JavaScript, jQuery, HTML5, CSS3, Bootstrap, and Metronic, implementing API-driven dynamic data updates.
- Built responsive web pages, forms, and reusable UI components with a strong focus on performance optimization, cross-browser compatibility, and efficient client-side state management using Local Storage.
- Collaborated with backend teams to ensure seamless system integration, efficient data flow, and timely project delivery through RESTful APIs and AJAX.
- Possess working knowledge of .NET and C#, contributing to basic backend development, debugging, and API integration, while resolving UI issues using Chrome DevTools.
- **Tech Stack:** JavaScript, jQuery, HTML5, CSS3, Bootstrap, Metronic, RESTful APIs, AJAX, Local Storage, Chrome DevTools, .NET, C#

PERSONAL PROJECTS (React)

Portfolio Website - [Link – My Portfolio](#)

- Built a responsive portfolio website using React and Tailwind CSS to showcase projects and skills
- Implemented reusable components with clean UI and smooth navigation
- Optimized for performance and mobile-friendly user experience

Character Counter Application [Link – Character Counter Live](#)

- Developed a character counter application using React with real-time text analysis
- Displays character, word, and sentence count dynamically as the user types
- Built with responsive design and clean UI for smooth user

EDUCATION

BSCIT - Viva College	(2019-2021) - CGPI: 7.28/10
HSC - Viva College	(2016-2018) - 78.40%
SSC - Pancham High School	(2015-2016) - 77.60%

CERTIFICATIONS

Diploma in Programming (C and C++)	(2019-2020)
